

Important updates on Cessation of eNETS payment service

From 11 July 2021, Citibank Singapore Limited will no longer be supported on the eNETS payment service. This means that you will no longer be able to make payments on eNETS merchants' platforms through your Citibank Singapore Limited bank account.

For alternative modes of payment, you can utilize the FAST / PayNow payment service or Bill Payment service available on our Citi Mobile® App or Citibank Online.

To initiate the FAST / PayNow or Bill Payment services, you can login to:

- Citibank Online and navigate to 'Make A Payment & Transfer'; or
- Citi Mobile® App and navigate to 'Payments'
